

Hvad er forskellen på Password Manager Pro Standard og Premium?

- **Standard Edition** – Basal beskyttelse af passwords for alle brugere I virksomheden
- **Premium Edition** – Mere avanceret beskyttelse af passwords end Standard inklusiv mulighed for at ændre passwords remotely, forny passwords og give adgang midlertidigt. synkronisering af passwords . Du får både advarsler når nogen ændrer et admin password og notifikationer når passwords er ved at udløbe etc. Premium har også garanteret 100% opetid, da den kan køre redundant
